Re: FDA Proposed Restrictions on Compounding Pharmacies  
Docket No 98N-1265

I wish to register my concern and disapproval of the Memorandum of Understanding drafted by the FDA on January 21, 1999.

Currently the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of physicians and patients to obtain health care products and information from a provider of their choice. It also interferes with the doctor-patient relationship. There should be no restrictions on the delivery of a compounded medication prescribed for me, regardless of where I live.

Once again, the MOU should be amended to eliminate these restrictions.

Sincerely,

Maxine Centala
